**Treasurer's Report:** Susan Roach

- Provident Bank Balances \$22,291.92, (active acct), \$22,523.71 (inactive acct)
- JCPL Bill \$34.60

*A motion to approve the JCPL payment of \$34.60 was made by Sal Galasetti, seconded by Anthony DiMaio and approved by all.*

**Chairperson's Report** (Anthony DiMaio)

The new benches should be delivered around March 16th. We need to order plaques to replace the originals but will wait to see where the benches are placed.

Repair of the footbridge will begin in April and take approximately one month to complete. FLC will need to decide on caps and stain color at our next meeting. Linda suggested adding an arch of some sort. There is concern about wind damage and the issue will need to be discussed further.

Cameras for the bridge were discussed. The BB police will be assisting with decisions, licensing and monitoring.

Bridge lighting was discussed and a sample of the under rail lighting was shared. It is suggested that the cost of the lighting be shared equally between Bradley Beach, Neptune and the FLC. The cost is estimated to be \$2700 with further details to be provided next month.

Goose Control Technology has been retained for egg addling. Anthony will ask how many visits are planned and when they will begin. The season may be earlier than normal due to the warm weather.

Replacement of the 7 Ash trees removed from the Bradley Beach side of the lake was discussed. A vote will be taken at a future meeting regarding the type, number and location of replacements. Al Gubitosi suggested contacting the Bradley Beach Shade Tree Commission and asking to speak with their arborist for best options.

#### **Neptune Update** Robert Lane (Committeeman)

DEP has issued approval of the bulkhead with a required change. The bulkhead will need to be extended east to the outfall. A Permit for that work will be submitted while the construction of the approved section is underway. The work should begin in the next month and take 6-8 weeks to complete.

#### **New Business**

William Grafton attended a meeting for South Riverside park in Neptune. They did research on the best perimeter plantings and have chosen beach plums. He has volunteered to get more details to see if the same plantings might work at Fletcher Lake.

Mark suggested moving the monthly meeting time to 6:30 or 7:00pm. We will discuss further and vote at the next meeting.

#### **Public Comment**

No public comment.

*A motion to adjourn the meeting was made by Susan Roach, seconded by Mark Rosenthal and approved by all.*

The meeting ended at 6:38pm
